Membership Report: 75 Family Memberships 38 Single Memberships 13 Associate Memberships

Old Business: Club clothing design changes were to be discussed at this meeting, but will now be addressed at another time.

New Business: The State Grant is in for ATV trails is now available to be used for trail repairs. Steve Bailey is unavailable for trail work. Suggestions were to contact Scott Allaire. Jack Andraschko has volunteered to contact Scott to his availability and the work to be done. A flyer has been received from the DNR advising clubs that they now have a text book that can be used to combine a Snowmobile and ATV Training class. The club will address this issue at a later time, whether we would like to combine safety training classes with the snowmobile club or continue to conduct an ATV Safety training on our own. Hummer would like to see snowmobile trails made available to ATV's when the trails and lakes are frozen but there is no snow cover. He will work with the Tavern League and approach the County Forestry Department to see if this is feasible. WATVA is conducting a snow and dirt grooming exhibition, with demonstrations for the latest equipment and technology. This will be held at the Langlade County Fairgrounds (Antigo) on Saturday August 17th and Sunday August 18th. From 9 am to 3 pm. Sally Muehollon, from the White Lake Club has asked our club to join the White Lake Club in running the food concession stand on those dates. Any profits made will be split between the two clubs. Anyone interested in representing our club by helping out in the concession stand is asked to call Sally at 920-517-2887.

Trail News: There were no reports in inappropriate riding on the trails over the Fourth of July weekend. The trail camera is out and is working well. Lots of work needs to be done on trails with the heavy rains causing wash-outs. A list of priorities for repairs has been suggested: Copets Woods (Kitty Corner Across 55 from the Schafer's Store) Behind Schafer's Store Gunther's Field (the field just before Hummer's campground) The ditch directly across from Schafer's store is a state highway and regulated by the state. We can level off and smooth out, but are not allowed to add

any new materials. • A discussion of Copets woods: It is not a state funded trail as of yet, Jack Andraschko is working on getting it funded. The washouts are becoming a hazard. Dan Wierschke suggested we get that area fixed as soon as possible to avoid injuries, even if it means using the club money. Pat Girtz seconded the motion, and all approved. Jack Andraschko and Dan Wierschke will work on getting it repaired. • It was brought up about opening trail from Jerry Schuh's to Cty Hwy DD as an ATV Route. That area is in Forest County and request should go through Forest County.

Dan Wierschke made a motion to adjourn Harlan Girtz seconded, all approved and motion carried.

. The next meeting will be held on August 18 at 9:00 am at Hummers.
